UNI Mathematics

2019 Summer Research Application

This application is due on Wednesday, March 6th, 2018 by 5pm.

Turn your application in to Wright Hall Room 220.

A complete application consists of:

1. The form on the next page,
2. A copy of your current transcript (unofficial transcript is OK),
3. A letter of Application which addresses:
   a. Your reasons for wanting to do summer research, and
   b. What you hope to gain from the experience.

Completing this application requires that you meet with the mentor for the projects you are interested in and obtain his or her signature, so be sure to start your investigations early.

UNI Summer 2019 Undergraduate Research in Mathematics Application

Name: Student ID:

Email Address: Expected Graduation Date:

Applicants must have a declared major or minor in a Math Department program at UNI. Which program are you enrolled in?

Please provide the names of two references in the UNI Math Department faculty who can speak to your abilities and promise as a student and researcher.

Reference #1:

Reference #2:

Which Math Department classes have been your favorites at UNI, and why?

List each of the projects you have investigated. You must meet with the mentor for each of these projects! Ask the faculty mentor to initial your application in the "mentor" column below. After you have talked to all of the mentors for projects you are considering, please rank the projects (1=top choice, 2= second choice, etc)

Project Name   Mentor   Rank

*Be sure to attach a copy of (1) your (unofficial) transcript and (2) your letter of application addressing **both** your reasons for wanting to do summer research **and** what you hope to get out of the experience.*
